It is the applicant's responsibility to complete the following information for assessment by the I.C.E.S.:

The above information is then forwarded to the I.C.E.S. along with a request for a **"COURSE BY COURSE"** assessment. The applicant must also request that the results of the assessment be forwarded directly to:

OPC National Office

Canada

**Please submit the above information to OPC along with a work history for determination by the Professional Development Committee.**

**NOTE:** All costs associated with the assessment are the responsibility of the applicant and OPC will make its final determination of the applicant's qualifications based on the results of the I.C.E.S. and Entrance to Residency Exam, at which time the applicant will be informed of the Professional Development Committee's decision.

Upon acceptance of your education by OPC, you are then required to adhere to the exact guidelines outlined in the Registry under the heading "Certification of Individuals", items number one to eight.

If your education is not accepted by OPC, you will **NOT** be permitted to enter into the OPC Residency program or sit the OPC exams without first completing an acceptable course of study.
